Dear Mr. Haynes:

Receipt is acknowledged of your letter of February 5 in which you ask permission to carry out the provisions of your permit No. 67-1924, issued by the Department of Commerce under date of November 24, 1923, by using a floating cannery in Swikshak Bay.

This permission is given with the understanding that if it is found that you cannot enter and anchor in this Bay you will immediately notify the Bureau of the point which you do select. The cannery must be kept either in the Lagoon or at the point specified throughout the season as no roving permit can be granted.

Very truly yours,

Henry O'Malley.
